NO. 97-204	)	

O R D E R

IT IS ORDERED that the Attorney General ("AG") and Kevin Cherry shall file the original and 8 copies of the following information with the Commission by December 31, 1997, with a copy to all parties of record. Each copy of the information requested should be placed in a bound volume with each item tabbed. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the witness who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure its legibility. Where requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this Order.

The following questions are addressed to the AG:

1. a. Why is a Times Interest Earned Ratio ("TIER") of 1.50 the appropriate TIER level for Jackson Purchase Electric Cooperative Corporation ("Jackson Purchase")?

b. What analyses has Mr. Morgan performed to determine the appropriate TIER level for Jackson Purchase? Provide all such analyses.

2. Refer to the Direct Testimony of L. K. Morgan, Schedule LKM-1. Provide all workpapers which show how the proposed decrease of \$4,377,845 was calculated.

3. Refer to the Direct Testimony of L. K. Morgan, Schedule LKM-1. Explain how all the Operating, Modified and Total TIER are calculated and compare that calculation with the Commission's calculation.

4. a. (1) List all cases in which a state utility regulatory commission has included customer deposits as a component of a utility's rate base.

(2) For each case listed above, indicate the type of utility involved (e.g., investor-owned utility, member-owned cooperative, governmental district).

(3) Provide the final order or decision issued in each case listed above.

b. (1) List all cases in which this Commission has included customer deposits as a component of a utility's net investment rate base.

(2) For each case listed above, indicate the type of utility involved (e.g., investor-owned utility, member-owned cooperative, governmental district).

(3) Provide the final order or decision issued in each case listed above.

5. At page 7 of his direct testimony, Mr. Morgan refers to a "1986 proceeding involving JPECC." Provide the case number of that proceeding.

6. Refer to the Direct Testimony of L. K. Morgan, Schedule LKM-9. Provide all workpapers that show how "Depreciation Expense Per Company" of \$3,084,353 was calculated.

7. Refer to the Direct Testimony of L. K. Morgan, Schedule LKM-10. In Jackson Purchase's Response to the Commission's Order of September 19, 1997, Exhibit 8(c)(6), Jackson Purchase states that the correct interest rate for Loan 9001 is 6.20 percent. Why did Mr. Morgan use the interest rate of 6.550 percent?

8. Refer to the Direct Testimony of L. K. Morgan at 9. Explain why annualized payroll is based upon the number of employees during the test year.

9. Refer to the Direct Testimony of L. K. Morgan, Schedule LKM-11. Provide the workpapers which show how the following items were calculated:
